Flour Continues Heavy-Wheat Irregu-Neglected-Lard Heavy-"Spot" Cotton Steady-"Futures" Declined 1-16c.-Sugar Strong-Coffee Quiet-Molasses Dull-Petroleum Dull-Spirits Turpentine Quiet-Rosin Quiet-Freights

Monday, Sept. 7-6 P. M.

The markets were still irregular and in not a iew eases lower. On 'Change flour was dull and heavy. Wheat was lower for spring but firm for winter, with a fair demand for both at the prices current. The sales were tolerably heavy, and mainly for shipment. Corn was also in good demand for shipment and speculation, on the spot and to arrive. Oats were in active request and firmer. Whiskey was a trifle dearer. Pork was dull and without decided change. Lard was quiet. Freights unchanged. The movement in sugar was at firm figures. Coffee was quiet. Petroleum was in light demand, and, to an extent, nominal. Spirits turpentine was depressed, under a large supply and small demand.
Rosin was about steady, but very quiet. Tar was dull.
Cotton, on the "spot," steady. "Futures" lower.
Correst.—The market for Rio ruled weak and nominal.

under the influence of the Rio telegram, which was considered as rather demoralizing in its tendency. At Baltimore 1.500 bags were sold, ex Cricket, on private terms. The stock in the United States sums up thus:— New Orleans 3.500 bags; Savannah, 1,500 bags; Hampfon Roads, 9,015 bags; Baltimore, 40,093 bags, and New York, 69,841 bags. Total, 123,349 bags. Mild coffees were quiet and nominally unchanged. We quote:—slo, ordinary cargoes, 1434c. a 15c.; rair do., 1:34c. a 15c.; good do., 17½c a 17½c.; prime do., 18½c. a 19c.; extreme range for lots, 15½c. a 19½c. Java, government bags, :3c. a :5c.; do., grass mats, 23c. a 27c.; Ceyton, 17½c. a 20½c.; Maracalbo, 173c. a 205c.; Lasuayra, 183c. a 193c.; Jamaica, 173c. a 195c.; St. Domingo, 15c. a 153c.; Porto Rico, 18c. a 195c.; Sevanila, 173c. a 205c.; Mexican, 185c. a 195c.; Evavanila, 173c. a 195c.; Curacoa, 173c. a 185c., gold, 60 a 90 daya.

Corrow.—The movement in "spot" cotto was moderably seller for spining nursons, but, exporters either

ately active for spinning purposes, but exporters either held aloof altogether or made bids too low for accept-ance on the present market. Holders, in view of the scarcity of good spinning cottons, maintain a degree of ess which rather exerts a checking influence upor

SUICIDE OF HON. MR. BELLEW. [From the London Standard, August 27.]

inquest was held Jesterday at Fermoy Barracks upon the body of the Hon. Mr. Bellew, son of Lord Bellew. The deceased was found dead in his quarters on Tuesday morning with a builet wound in his forehead. He had just joined the army, and was attending the training school at Fermoy. He was addicted to drinking. On Monday night, while in a state of inebriation, he made his appearance in the room of Captain Butler, of the Seventy-sixth regiment, with a sword in one hand and a revolver in the other. The latter hand and a revolver in the other. The latter weapon he presented at the head of his brother officer, whom, under the threat that he would shoot him, he compelled to accompany the deceased to his own quarters. When they had arrived there the Captain was obliged to retire after a few minutes under similar compulsion. Immediately thereupon a shot was heard from the direction of Beligw's room. The alarm was given to other officers, who were still in the billiard room, but they took no notice. According to the evidence it appeared that none of them entered the room until the following morning, at seven o'clock, after the servant of the deceased had found his master lying on the floor in a pool of blood, quite dead.
